Drawings

The drawings received on December 06, 2005 are accepted.

The following is an examiner's statement of reasons for allowance: The prior art does not show or fairly teach a bracket particularly adapted for supporting formwork for casting a crown on an upper end of a highway bridge concrete column, comprising an upright having a box-like shape, with an inner partition extending between an inner wall and an outer wall of the upright, an arm attached to the upright outer wall and extending outward therefrom, a jack-screw plate attached to an outer end of the arm with the plate having an opening aligned with a vertically positioned tube carried by the arm, and a brace having an upper end attached to the arm outer end and a lower end attached to the upright outer wall to allow during use the bracket to be attached to a side of the column, with a lower end of a jack-screw disposed in the jack-screw plate opening and tube with a vertical position of the jack-screw adjustably secured by a nut threaded onto the jack-screw and seated on the jack-screw plate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to M. Safavi whose telephone number is (571) 272-7046. The examiner can normally be reached on Mon.-Thur., 8:30-5:00.
